The Asian studies major is a joint major with one of the following departments: Art (art history), History, Modern Languages and Literatures (Chinese), or Religious Studies. It provides a structured yet flexible curriculum to enable students to focus their work on Asia while acquiring a solid methodological grounding in an academic discipline. Students must fulfill all the requirements of the departmental major, in addition to the specific requirements of the Asian Studies Program as described below. The Senior Exercise will follow the requirements of the joint department and will focus on the Asian region in which the Asian studies language and study-abroad requirements were fulfilled. Double-counting of courses for the departmental major and for the Asian Studies Program is permitted.
