

## Housing Lottery 2018-2019

The Housing Lottery is the process where current students select rooms in which they will reside for the next academic year. Students select their own roommates, suite-mates, or apartment-mates, and they choose their room from the list of available rooms. Priority for rooms is based on a seniority system of class year standing as determined by the Registrar's Office. The order of students' priority within each class will be decided by a computerized random Housing Lottery number generation process coordinated with LBIS. **Random Housing Lottery numbers will be e-mailed to Kenyon e-mail accounts on Wednesday, March 21, 2018.**

Individuals and groups are expected to make timely and expedient room selections at the Housing Lottery. If an individual or group fails to choose in a timely manner, the next Housing Lottery number will be called.

All students (or their proxies) must be present during the selection process when a room or apartment is selected. Phone calls during the Housing Lottery, text messages, and someone "on their way" may not be allowed due to time constraints. Please plan to meet your roommates ahead of time to make sure everyone is accounted for and ready to select housing.

### Quick Facts about the Housing Lottery:

**Class Year Status:**

Information on your class status is available from the Residential Life Office and the Registrar's Office. If you are unsure of your status, please contact one of these offices. **Appeals for changes in class status can be made to the Registrar's Office by March 9, 2018.** Class status will not be changed after the random Housing Lottery numbers have been distributed.

**Financial Information to Consider:**

Students receiving need-based financial aid should be aware their aid will only be applied to a traditional residence hall double room charge\*\*. If students choose to live in a more expensive room, they will be responsible for the difference between that room rate and the traditional residence hall double room rate. The 2018-2019 room rates are not yet available. Once these rates are confirmed, the information will be posted on the Kenyon website. Please see last year's room rates below for an example of the different room rates. Room rate adjustment for SENIORS who are on need-based financial aid (not merit aid), who secure accommodations in an apartment will receive a credit to their room charge to make up the difference between the cost of a residence hall double (a regular part of the financial aid package) and the higher cost of an apartment double. This credit amount (reshall double to apt. double) will be the same regardless of whether a Senior chooses to live in an apartment single or double; the credit will be only the difference of a residence hall double and an apartment double. Please check with financial aid/and or the accounting office if you are unsure if you qualify for the rate adjustment.

**ROOM RATES FOR 2017-2018\*\***

**Residence Halls (Bushnell, Caples, Gund, Hanna, Leonard, Lewis, Manning, Mather, McBride, Norton, Old Kenyon, and Watson):**

- Single per semester per student \$3,700
- Double per semester per student \*\*\$2,700
- Triple per semester per student \$2,000

**Apartments (Acland, Morgan Apartments, New Apartments, North Campus Apartments, Taft Cottages, Wilson, Market Apartments, and Programmatic Houses):**

- Single per semester per student \$4,200
- Double per semester per student \$3,150

**Housing Options:**

A tentative list of available rooms for 2018-2019 will be posted in mid-March. Once posted, students will be notified via a student-info e-mail. This list will be updated during each selection night, in real time, as rooms are chosen.

**Caples Suites:** Caples 2-person suites (2 singles sharing a common space) can be selected as 2 individual units or another eligible student may be pulled into the other space. If a single in a 2-person suite is selected individually, any student, regardless of gender can sign into the other open single in that suite. If you are not comfortable with a random student sharing the suite, who may or may not be of the same gender, it is highly recommended that you find a friend to fill the open space or choose a stand-alone single instead. Three-person and 6-person suites must be filled completely at the time of selection. Caples rooms will not be gender specific. Please note that in order to pull someone into a Caples 2-person suite, the priority for these (and

all) rooms is based on a seniority system as outlined at the beginning of this document. Groups of all seniors will choose spaces before mixed groups and groups of all juniors and all sophomores.

**Doubles and Triples in Residence Halls:** All doubles and triples must be filled completely at the time of the initial selection except in cases where predesignated Option Rooms are available (see FAQ section below: “I don’t have a roommate. What do I do?”). Please note that priority for all rooms is based on a seniority system as outlined at the beginning of this document. Groups of all seniors will choose spaces before mixed groups and groups of all juniors and all sophomores.

**Open Housing (Gender Inclusive/Non-Conforming) Living Arrangements:** Some buildings or corridors are gender specific (designated women or men) such as those in Bushnell, Manning, and Watson. In other residence halls, and in suites and apartments, open housing (gender inclusive/non-conforming) assignments are permitted; this means students regardless of gender identity may live together in those locations (in double or triple rooms). All apartments and suites are gender inclusive/non-conforming. Within residence halls, there are restrooms designated men or women. In addition, upper-class, gender inclusive/non-conforming restrooms will be in the following locations:

Bushnell Hall next to rooms 102 and 116  
Caples Hall in the area of suite 401-404  
Caples Hall in the area of rooms 503-504  
Hanna Hall between rooms 105 and 108  
Hanna Hall between rooms 205-208  
Hanna Hall between 3<sup>rd</sup> floor lounges  
Leonard Hall across from room 121  
Leonard Hall across from room 221

Leonard Hall across from room 321  
Manning Hall next to rooms 102 and 116  
Mather Hall in the area of room 320-322  
Old Kenyon Hall next to room 121  
Old Kenyon Hall next to room 226  
Old Kenyon Hall next to room 326  
Old Kenyon Hall next to room 415

**Break Housing Buildings:** If you know you will need to be on campus during fall, winter and/or spring breaks, the following buildings will be **OPEN during breaks and WILL be a good selection for you:** Manning, Mather, and Old Kenyon. In addition, all apartments and program houses will remain open during scheduled breaks. All other buildings **WILL be closed during breaks.**

**Animal Free Buildings:** Manning and Mather will be designated animal free (except for fish as outlined in the Student Handbook). Students who have been granted permission to have an ESA (emotional support animal), or plan to apply for an ESA, **WILL NOT** be able to live in these buildings. If you do not want to live near an animal for any reason, these buildings would be a good selection for you.

### **Students Ineligible for the Housing Lottery:**

Students taking part in Off-Campus Study for the fall semester 2018 or the entire 2018-2019 academic year are ineligible for the 2018-2019 Housing Lottery and will not have a Housing Lottery number assigned.

Other students who are ineligible for the Housing Lottery process are those who were selected as Community Advisors and their roommates, were selected as Programmatic House managers and their roommates, students who were assigned during the housing accommodation process, and students assigned to Theme and Division housing locations. These students will not have random Housing Lottery numbers assigned.

### **Frequently Asked Questions:**

- **What happens if I cannot make it to the Housing Lottery?**

Students who are unable to attend the Housing Lottery may send a proxy to select a room for them. Proxies must have written authorization from the student(s) for whom they are choosing rooms. Proxy forms are available in the Office of Residential Life or [online at this link](#). Alternatively, the student who will not be at the Housing Lottery may send an e-mail from his/her Kenyon e-mail account to the student who will act as proxy, and the proxy can bring that printed e-mail to the Housing Lottery process to be given the proxy rights. The Office of Residential Life does not accept responsibility for room selection by a proxy or a “no show” by the proxy.

Students who are acting as proxies for Off-Campus Study students have been notified and are required to act on those students' behalf. The proxy must be present at the Housing Lottery at the appropriate time and will need to make a room selection for the student. The proxy must bring the form letter from the Office of Residential Life or another written (printed) authorization from the student to act on their behalf. It becomes very difficult for one student to act as a proxy for many friends. A good plan is to not be a proxy for more than four individuals, or 1 group (of up to 6 students) who wish to live together. A student who is asking another student to serve as a proxy should provide specific information to the proxy: Name, student ID number, Lottery draw number, and several room and roommate options.

- **What happens if I don't have a roommate?**

**Option Rooms:** There will be a limited number of rooms designated for students who wish to choose a room without a roommate. A student without a selected roommate may choose one of these spaces when their Housing Lottery number is called, with the understanding that the next student to choose who has the same gender identity and preferences the same residence hall, will be placed in that room and the two will be roommates. At the end of the Housing Lottery process, any student without a roommate will be assigned a roommate during the summer-housed process.

- **What happens if my roommate withdraws from Kenyon?**

Some students decide to transfer, withdraw, take a year off, etc., and not return to Kenyon. If a student's roommate is one of these students, the Office of Residential Life will reassign the vacancy over the summer or during the academic year as needed. It is strongly recommended that students select a room/suite/apartment-mate who will be returning in the fall of 2018. If a roommate is participating in Off-Campus Study spring semester, students should not assume they will be without a roommate during spring semester. The Office of Residential Life reserves the right to assign another student to that open space. The Office of Residential Life attempts to contact students over the summer to make them aware of new roommates and reassignments, but we are not obligated to do so.

- **What if I have more questions?**

Feel free to e-mail questions to [reslife@kenyon.edu](mailto:reslife@kenyon.edu) or stop in the Office of Residential Life (Monday through Friday from 8:30 a.m. to Noon and 1:00 p.m. to 4:30 p.m.) to ask any questions. [Please link here to the Residential Life website.](#)
