Admissions

The philosophy of Student Accessibility and Support Services is to provide an enriching educational experience for individuals with disabilities through equal access, empowerment, resources, referrals, advocacy, collaboration and outreach throughout the college campus and community.

The SASS mission is threefold. We seek to:

Ensure that students with disabilities can freely activate and participate in all aspects of college life; Provide and coordinate services to maximize students' educational potential while supporting their independence to the fullest extent possible; and Increase awareness among all members of the college community so that students with disabilities are able to perform at a level limited only by their abilities, not their disabilities.

SASS works closely with faculty and staff in an advisory capacity to assist in the development of reasonable accommodations that allow students with disabilities to fully participate in all of the programs offered on campus.

---

**Introduction**

Introduction/Philosophy of College regarding students with documented disabilities, documentation required, and resources available
The philosophy of Student Accessibility and Support Services is to provide an enriching educational experience for individuals with disabilities through equal access, empowerment, resources, referrals, advocacy, collaboration and outreach throughout the college campus and community.

The SASS mission is threefold. We seek to:

1. Ensure that students with disabilities can freely activate and participate in all aspects of college life;
2. Provide and coordinate services to maximize students' educational potential while supporting their independence to the fullest extent possible; and
3. Increase awareness among all members of the college community so that students with disabilities are able to perform at a level limited only by their abilities, not their disabilities.

SASS works closely with faculty and staff in an advisory capacity to assist in the development of reasonable accommodations that allow students with disabilities to fully participate in all of the programs offered on campus.

SASS coordinates academic and program accommodations. Students or visitors can contact director Erin Salva at salvae@kenyon.edu.

SASS services available, as well as:

- Faculty office hours
- The Peer Tutoring Program (SASS)
- The Writing Center
- The Math/Science Skills Center
- Study groups
- Department-sponsored tutoring

Kenyon is a very selective liberal arts college that considers the application as a whole. SAT or ACT are required.

Contact SASS to discuss accommodations and required documentation.

*Please note that in order to save this form, you must fill in the four respondent information boxes at the bottom of the page (Name, Title, Phone #, Email). This must be done each time you save the form. Failure to do so may result in losing the information you have entered.

## Major Series

We have updated a list of Majors for 2015-2016 to comply with the most recent Classification of Instructional Programs (CIP) from 2010. The CIP is divided into three levels: Series, Programs, and Majors. Due to an increase in requests from students to be as specific as possible, we have expanded our data collection to include all three levels. The CIP codes are used only for storage purposes, and only the names of the selected majors will appear on www.princetonreview.com

Please select all undergraduate majors offered at your institution by following this simple 3 step process:

**STEP 1:** Select the majors your institution offers from the "All Majors" list and click the "Add Majors" button that appears below the list. To remove a major, select the major from the "Your Majors" list and click the "Remove Majors" button.

**STEP 2:** From among the list of majors you offer, select the three most popular majors by clicking on the major name and clicking the "Add Popular Major" button. To remove, click the "Remove Popular Major" button.

Or, select majors by series, using checkboxes, by clicking here.

Please note: Be sure to save your changes periodically using the Save button at the bottom of this form. Please note switching between forms without saving your work might result in changes being lost. Please use this browser.

Green Campus Questions

The Princeton Review is pleased to continue its partnership with the Association for the Advancement of Sustainability in Higher Education (AASHE) to streamline the reporting process for institutional sustainability assessments. The intent of this initiative is to reduce and streamline the amount of time campus staff spend tracking sustainability data and completing surveys.

The Princeton Review will accept data submitted via the STARS Reporting Tool or data submitted directly through our own Review Data Set Form F: Student Life below.

**Note that data submitted below will not be shared with any other organization and will be used exclusively by The Princeton Review.**

The STARS Reporting Tool is available to users now and located here:

https://stars.aashe.org/pages/register/register-stars.html

The form below is a copy of the STARS 1.2 form. You can refer to the manual here for guidance on timelines and definitions.

2015-16 DATA IS DUE TO THE PRINCETON REVIEW VIA EITHER TOOL BY FEBRUARY 29TH, 2016

How will your institution submit the green campus section of the survey?

Please check here if your institution will submit data to The Princeton Review via the STARS Reporting Tool located on AASHE's website.

CURRICULUM

ER-9: Sustainability Learning Outcomes

Criteria

Institution's students graduate from programs that include sustainability as a required learning outcome or include multiple sustainability learning outcomes.

For this credit, learning outcomes at the course level count if the course is required to earn the degree. This credit includes graduate as well as undergraduate programs. For this credit, "programs other academic designations. Programs that include co-curricular aspects may count as long as there is an academic component of the program.

The number of graduates covered by the sustainability learning outcomes

Total number of graduates

A list of degree programs that have sustainability learning outcomes

The website URL where the inventory is posted or a copy of the inventory may be provided instead of this list if the inventory includes the relevant information.

The website URL where the publicly available sustainability course inventory that includes a list of degree programs that have specified sustainability learning outcomes is available

A list or sample of the sustainability learning outcomes associated with the degree programs

ER-10: Undergraduate Program in Sustainability

Criteria

Institution offers at least one sustainability-focused undergraduate major, degree program, or equivalent.

The degree program does not have to include sustainability in its name to count for this credit. Environmental Studies programs, for example, count as long as the program covers the social, economic, and environmental or social issues, however, would not be sufficient to earn this credit.

Concentrations within a major (e.g. a concentration on sustainable business within the business major) do not count for this credit.
RESEARCH

ER-16: Faculty Engaged in Sustainability Research

Criteria

Institution's faculty members conduct research on sustainability topics.

Any level of sustainability research by a faculty member is sufficient to be included for this credit. In other words, a faculty member who conducts both sustainability research and other research may be included.

The number of faculty members engaged in sustainability research

The total number of faculty members engaged in research

Names and department affiliations of faculty engaged in sustainability research

The website URL where the inventory is posted or a copy of the inventory may be provided instead of this list if the inventory includes the relevant information.

The website URL where information about sustainability research is available

ER-18: Sustainability Research Incentives

Criteria

Part 1

Institution has an ongoing program to encourage students in multiple disciplines or academic programs to conduct research in sustainability. The program provides students with incentives to research sustainability. Such incentives may include, but are not limited to, fellowships, financial support, and mentorships.

Part 2

Institution has an ongoing program to encourage faculty from multiple disciplines or academic programs to conduct research in sustainability topics. The program provides faculty with incentives to research sustainability. Such incentives may include, but are not limited to, fellowships, financial support, and faculty development workshops.

**OP-3: Indoor Air Quality**

**Criteria**

Institution has adopted an indoor air quality management policy, plan, and/or practices that include regular auditing or monitoring and a mechanism for occupants to register complaints. Policies as (e.g. state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

**CLIMATE**

**OP-4: Greenhouse Gas Emissions Inventory**

**Criteria**
Part 1

Institution has conducted a GHG emissions inventory covering its Scope 1 and Scope 2 emissions. The GHG emissions inventory is publicly available, either through the American College & University President’s Climate Commitment reporting site, the institution’s website, or another public website.

Part 2

Institution has conducted a GHG emissions inventory covering Scope 3 emissions. The GHG emissions inventory is publicly available, either through the American College & University Presidents website, or another public website.

The website URL where the GHG emissions inventory is posted

Does the inventory include all Scope 1 and 2 emissions?  
- Unknown
- Yes
- No

Scope 1 Emissions

Scope 1 emissions are direct GHG emissions occurring from sources that are owned or controlled by the institution. Scope 1 emission sources include:

- Combustion of fuels to produce electricity, steam, heat, or power using equipment in a fixed location such as boilers, burners, heaters, furnaces, incinerators
- Combustion fuels by institution-owned cars, tractors, buses, and other transportation devices

Scope 2 Emissions

Scope 2 emissions are indirect GHG emissions that are a consequence of activities that take place within the organizational boundaries of the institution, but that occur at sources owned or controlled by the institution. Scope 2 emission sources include:

- Purchased electricity
- Purchased heating
- Purchased cooling
- Purchased steam

Does the inventory include emissions from air travel?  
- Unknown
- Yes
- No

Does the inventory include emissions from commuting?  
- Unknown
- Yes
- No

Does the inventory include embodied emissions from food purchases?

Does the inventory include another Scope 3 emissions source not covered above?  
- Unknown
- Yes
- No

Additional comments:

Does the inventory include a second Scope 3 emissions source not covered above?  
- Unknown
- Yes
- No

Additional comments:

Does the inventory include a third Scope 3 emissions source not covered above?  
- Unknown
- Yes
- No

Additional comments:

Scope 3 emissions are all indirect emissions not covered in Scope 2. Scope 3 emission sources include:

- Air travel
- Commuting
- Extraction, production, and transportation of purchased materials and fuels, including food
- Outsourced activities
- Solid waste disposal

Does the inventory include a second Scope 3 emissions source not covered above?  
- Unknown
- Yes
- No

Additional comments:
**ENERGY**

**OP-8: Clean and Renewable Energy**

**Criteria**

The institution supports the development and use of clean and renewable energy sources by one or more of the following options:

1. Generating electricity from clean and renewable energy sources on campus and retaining or retiring the rights to the environmental attributes of such electricity. (In other words, if the institution has sold Renewable Energy Credits for the clean and renewable energy it generated, it may not claim such energy here. The on-site renewable energy generating devices may be owned and/or maintained by another party as long as the institution retains the rights to the associated environmental attributes.)

2. Using renewable sources for non-electric, on-site energy generation, such as biomass for heating.

3. Catalyzing the development of off-site clean and renewable energy sources (e.g., an off-campus wind farm that was designed and built to supply electricity to the institution) and retaining the environmental attributes of such energy.

4. Purchasing the environmental attributes of electricity in the form of Renewable Energy Certificates (RECs) or other similar renewable energy products that are either Green-e Energy certified or verified as such by a third party, or purchasing renewable electricity through the institution's electric utility through a certified green power purchasing option.

5. Using cogeneration technologies to generate electricity more efficiently. Note: generating electricity using cogeneration technology and a renewable fuel, such as biomass, is considered Option 1 and should not be counted twice.

Since this credit is intended to recognize institutions that are generating new sources of clean and renewable energy, neither the electric grid mix for the region in which the institution is located nor the grid mix reported by the electric utility that serves the institution count for this credit.

Technologies that reduce the amount of energy used but do not generate renewable energy do not count for this credit. For example, daylighting, passive solar design, and ground-source heat pump strategies are captured by OP Credit 5: Greenhouse Gas Emissions Reduction and OP Credit 7: Building Energy Consumption.

Transportation fuels, which are covered by OP Credit 14: Campus Fleet, are not included in this credit.

To aggregate energy consumption data from multiple sources, figures should be converted into MMBtu (one million British thermal units – a standard measure of energy) using the following equivalents:

- $1\text{ kWh} = 0.003412\text{ MMBtu}$
- $1\text{ MWh} = 3.412\text{ MMBtu}$
- $1\text{ therm} = 0.1\text{ MMBtu}$
- $1\text{ kBtu} = 0.001\text{ MMBtu}$
- $1\text{ ton-hour} = 0.012\text{ MMBtu}$
- $1\text{ MJ} = 0.000948\text{ MMBtu}$

PURCHASING

OP-10: Computer Purchasing

Criteria

Institution has an institution-wide stated preference to purchase Electronic Product Environmental Assessment Tool (EPEAT) Silver or higher products. This can take the form of purchasing policies, guidelines, or directives. This credit does not include specialized computers for which no EPEAT certified products are available. Policies and directives adopted by entities of which the institution is part (e.g., state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

OP-11: Cleaning Products Purchasing

Criteria

Part 1

Institution has an institution-wide stated preference to purchase Green Seal™ or EcoLogo™ certified cleaning products. The stated preference can take the form of purchasing policies, guidelines, or directives. Policies and directives adopted by entities of which the institution is part (e.g., state government or the university system) may count for this credit as long as the policies apply to and are followed by the institution.

TRANSPORTATION

OP-14: Campus Fleet

Criteria

Institution supports alternative fuel and power technology by including in its motorized vehicle fleet (cars, trucks, tractors, buses) vehicles that are:

- Gasoline-electric hybrid
- Diesel-electric hybrid
- Plug-in hybrid
- 100 percent electric
- Fueled with Compressed Natural Gas (CNG)
- Hydrogen fueled
- Fueled with B20 or higher biofuel for more than 6 months of the year; and/or
- Fueled with E85 or higher ethanol for more than 6 months of the year.

For this credit, the institution’s motorized fleet includes all institution-owned and operated vehicles that are used for transporting people and/or goods. Heavy construction equipment (e.g. excavators and leaf blowers) are not included in this credit.

OP-15: Student Commute Modal Split

Criteria

Institution’s students commute to and from campus using more sustainable options such as walking, bicycling, vanpooling or carpooling, taking public transportation, riding motorcycles or scooters options. Students who live on campus should be included in the calculation based on how they get to and from their classes.

The Bike Co-op is a collective of like-minded, yet diverse students and faculty members of Kenyon College. It serves to provide the Kenyon community with mechanical service and education at affordable rates, with all proceeds going to charities in Knox County and international organizations such as Maya Pedal. Members of the Co-op will have access to free repair and discounted parts, but all members of the Kenyon College community are offered service at an affordable rate, keeping the college student in mind. Workshops educating attendees in safety, maintenance and local laws, in addition to events, such as rides and camping trips, are offered to all members of the community. Also runs bike rental program.
**OP-T2-29: Mass Transit Programs**

**Criteria**

Institution offers free or reduced price transit passes and/or operates a free campus shuttle. The Transit passes may be offered by the institution itself, through the larger university system of which provided by a government agency. The institution must be the entity making the passes available to its community members.

DIVING SERVICES

OP-6: Food and Beverage Purchasing

Criteria

This credit includes food and beverage purchases for on-campus dining services operated by the institution or the institution's primary on-site contractor. Institution purchases food and beverages that meet at least one of the following criteria:

- Grown and processed within 250 miles of the institution
- Third-party certified (USDA Certified Organic, Marine Stewardship Council Blue Ecolabel, Food Alliance, Fair Trade, Certified Humane Raised and Handled)

Food and beverage purchases that meet multiple criteria listed above should not be double-counted.

This credit includes food and beverage purchases for on-campus dining operations and catering services operated by the institution or the institution's primary dining services contractor (e.g. Aramark, Bon Appetit Management Company, Chartwells, Sodexo). On-site franchises, convenience stores, vending machines, or concessions are excluded from this credit unless they are operated by the institution or the institution's primary on-site contractor.

Percentage of food expenditures that meet one or more of the criteria for this credit (0 - 100) 40 %

OP-T2-4: Vegan Dining

Criteria

Institution offers diverse, complete-protein vegan dining options during every meal. This credit includes on-campus dining services operated by the institution or the institution's primary dining services contractor. On-site franchises, convenience stores, vending machines, and concessions are excluded from this credit.

Does the institution offer diverse, complete-protein vegan dining options during every meal? Unknown Yes No

COORDINATION AND PLANNING

PAE-1: Sustainability Coordination

Criteria

Institution has a sustainability committee, office, and/or coordinator that are tasked by the administration or board of trustees to advise on and implement policies and programs related to sustainability.

The committee, office, and/or coordinator focus on sustainability broadly (i.e. not just one sustainability issue, such as climate change) and cover the entire institution. A committee, office, or coordinator within the institution does not count for this credit.

**PAE-5: Climate Action Plan**

Criteria:
*Institution has a formal plan to mitigate its greenhouse gas emissions. The plan includes a measurable, numerical goal or goals and a corresponding date or dates by which the institution aims to achieve its goal (s). The plan has been adopted by the institution's administration.*

A formal sustainability plan (i.e., a plan that has been adopted by the administration) counts for this credit if it includes climate change goals, strategies, and corresponding timeframes. Such a plan may also count toward PAE Credit 4: Sustainability Plan.

Does the institution have a plan to mitigate its greenhouse gas emissions that meets the criteria for this credit? Yes

A brief summary of the climate plan's long-term goals:
2016 will see the College formally sign the Second Nature Climate Leadership Pledge. The pledge is designed to promote and drive sustainability initiatives at institutions of higher education and focuses on carbon neutrality and resilience in the face of climate change.

Kenyon's specific Carbon Commitment is to inventory the College's contribution to greenhouse gases and to establish a plan that will lead to carbon neutrality. Both the inventory and the planning process offer many opportunities for students to meaningfully engage in the process of

**INVESTMENT**

**PAE-16: Committee on Investor Responsibility**

Criteria:
*Institution has a formally established and active CIR or similar body that makes recommendations to the Board of Trustees on socially and environmentally responsible investment opportunities and multi-stakeholder representation, which means its membership includes faculty, staff, and students and may include alumni, trustees, and/or other parties.*

Institutions for which investments are handled by the university system and/or a separate foundation of the institution should report on the investment policies and activities of those entities.
A general committee that oversees the institution’s investments does not count for this credit unless social and environmental responsibility is an explicit part of its mission and/or agenda.

- Take Back the Night 2015: a week of events focused on consent, sexual assault, domestic violence, gender-based violence, dating violence.

Fire Safety

Information provided should be for the latest 12 month period for which data is available

1. What percentage of your student housing sleeping rooms are protected by an automatic fire sprinkler system with a fire sprinkler head located in the individual sleeping rooms?

   28%

   NOTE: A student housing sleeping room is defined as the actual room in which the occupants live and sleep.

   Student housing can include typical residence halls, graduate student housing, married student housing or any housing that is under the control or affiliated with the school, such as private, third-party residence halls built under contract with the school. This does not include Greek housing.

2. What percentage of your student housing sleeping rooms are equipped with a smoke detector that is connected to a supervised fire alarm system?

   96.4%

   NOTE: When the smoke alarm/detector is activated it must transmit a signal to a supervised location, initiating an immediate response by a staff member to investigate. This alarm does not necessarily activate the building fire alarm system.

3. How many malicious fire alarms occur in student housing per year?

   8

   NOTE: A malicious fire alarm would be defined as one where a building’s fire alarm system is activated even though it is known that there is no emergency condition. For example, someone blows smoke into a smoke detector or a manual pull station is activated.

4. How many unwanted fire alarms occur in student housing per year?

   70

   NOTE: An unwanted fire alarm would be defined as one where a building’s fire alarm system is activated by non-emergency conditions, yet the fire alarm system responds appropriately to stimuli that it interprets as a fire condition. For example, a smoke alarm that is located too close to a shower and is activated by steam, or is adjacent to a cooking area.

5. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted to a monitored location, and security investigates before notifying the fire department?

   95%

6. What percentage of student housing building fire alarm systems, if activated, result in a signal being transmitted immediately to the fire department so they can begin responding?

   0%

7. How many students are trained in fire safety in campus provided housing each semester?

   100%

8. What percentage of RAs and housing directors receive fire safety training on an annual basis?

   100%
### Training?

**NOTE:** For purposes of this question, housing staff will include only personnel such as resident assistants and/or resident directors who live in student housing.

9. How many contact hours of fire safety training is provided to students not living in student housing (i.e., off-campus, including Greeks)?

10. How many regularly scheduled, supervised exit drills are held per year in student housing?

11. How many fires did your school experience last year in student housing?

**NOTE:** A fire must result in damage to the structure or contents.

12. What is the dollar loss related to fire that has occurred on your campus in residential housing?

**NOTE:** Dollar loss is direct property damage to the structure and contents and does not include costs such as alternative housing, staff response, etc.

13. How many students have been injured by fires in student housing?

14. How many students have been killed by fires in student housing?

15. Does your school ban any of the following items or activities in student housing sleeping rooms?

**NOTE:** The “cooking” option excludes cooking done with school-approved/supplied appliances or in school-approved areas, such as kitchens.

- candles
- halogen lamps
- smoking
- cooking
- live christmas trees
- ceiling tapestries
- Other (please specify)

If you selected Other please specify:

- hoverboards

16. Does your school require fire-resistance ratings on furniture (including, but not limited to, beds, mattresses, desks, and chairs) in student housing sleeping rooms?

17. Does your school require that furnishings brought in by the students have fire-resistance ratings?

18. How often are fire safety rules-compliance inspections conducted in your school’s student housing?

**NOTE:** This refers to regularly scheduled, in-room inspections conducted by an inspector or trained individual who is knowledgeable about fire safety issues. It does not refer to a security officer making regular rounds. ALL of the rooms must be inspected during these inspections and checked for hazards.

### Transportation

Transportation

Please provide a description of the types of transportation available to campus e.g., taxis, shuttle buses, and trains. Include the closest...
Port Columbus International Airport is approximately 50 miles from campus. Call the admissions office receptionist to arrange for Kenyon's shuttle service from the airport. (Note that this service is not free.) Rental cars (subject to usual age restrictions) are available at the airport if you prefer to drive.

**Provide a URL to a page on your website for Public Transportation to campus**

http://www.kenyon.edu/visit-kenyon/getting-to-campus/

**Driving Instructions**

Please provide driving instructions from major roads or landmarks.

From Port Columbus International Airport, take I-270 North to Ohio Rte. 161 East. Follow 161 to the exit for New Albany/Johnstown (U.S. Route 62), and turn onto 62. After about 20 miles, turn left onto Ohio Route 661 north toward Mount Vernon. 661 merges with Ohio Rte. 13 south of Mount Vernon. In Mount Vernon, look for the small, green Kenyon College signs. At the intersection of 13 and Ohio Route 229, turn right (east) onto 229 (East Gambier St.) and proceed about 5 miles to the college. Kenyon will be on your left.

**Provide URL to a page on your website for driving instructions to campus:**

http://www.kenyon.edu/visit-kenyon/getting-to-campus/

**Provide URL to a page on your website that describes on-campus visitor parking:**

http://www.kenyon.edu/visit-kenyon/getting-to-campus/

**Local Accommodations**

Please provide a description of available lodging in all price ranges.

You can roll out of bed and onto campus from the Kenyon Inn (740-427-2202), a pleasant place with rates at the low end of the moderate range. The Gambier House (740-427-2668) is also located in Gambier. Gambier is a small village, so you might prefer to stay in the larger town of Mount Vernon, a short drive (10 minutes) away. Accommodations in Mount Vernon include the Russell-Cooper House (115 East Gambier St.; 740-397-8638), a restored Victorian mansion with rooms that are moderately priced (with breakfast), the Comfort Inn (110 Howard St., 740-392-6886), and the Holiday Inn Express (1155 Upper Gilchrist Rd., 740-392-1900).

**Near by**

The White Oak Inn (29683 Walhonding Rd., Danville; 614-599-6107), The Inn at Honey Run (6920 County Rd. 283, Millersburg; 330-674-8011 or 800-468-6639 in Ohio), and Roscoe Village Inn (200 N. White Woman St.; 614-622-2222) are popular choices within easy driving distance to campus.

**Far Away**

The White Oak Inn (29683 Walhonding Rd., Danville; 614-599-6107), The Inn at Honey Run (6920 County Rd. 283, Millersburg; 330-674-8011 or 800-468-6639 in Ohio), and Roscoe Village Inn (200 N. White Woman St.; 614-622-2222) are popular choices within easy driving distance to campus.

Career Services and Placement

Check services in career placement center:
- Alumni network
- Alumni services
- Career/job search classes
- Career assessment
- Internships
- Regional alumni

Are on-campus job interviews available in the career placement center?
- Yes
- No

Does your school provide opportunities for any of the following:
- Cooperative learning
- Experiential learning
- Internships

Please describe the program above of which you are proudest:

Our Extern program enables students to explore career options through an experiential week of job‐showing during winter or spring breaks. This often helps students decide what internships and/or career paths they'd like to pursue while building a network of contacts.
