Do not include quotation marks. Limited to 4000 characters.
According to the school, Kenyon College is among the nation's finest selective liberal-arts institutions. It takes pride in exceptionally strong programs in English (Kenyon is the home of the internationally known Kenyon Review), the sciences, and drama. Student-faculty interaction, both in and out of the classroom, and community involvement are hallmarks of the Kenyon experience. Kenyon students, who come from all states and many countries, enjoy an active extracurricular life, with more than 100 student organizations. Kenyon teams compete in 9 varsity sports each, for men and women, and the swimming and diving teams are renowned for their record-breaking number of national championships.

The Kenyon campus is noted for its collegiate Gothic architecture, natural beauty, and the quality of its facilities, including a recently-built art gallery and studio art building, music building, $32-million science quad, $70-million fitness/recreation/athletic center, and 20 new student resident townhouses. Kenyon College is a close-knit community of talented students and outstanding teachers. Kenyon's reputation rests on a tradition of academic rigor and creative achievement, but its essence lies in the way personal contact shapes daily experience on its historic and scenic campus. Students know professors as teachers, advisers, collaborators, and friends, while professors know students as individuals--their strengths, aspirations, and potential for success.
