### **Instructions**

#### **Accrediting Agencies Reported to HLC**

Institutions are required to disclose to HLC if another recognized accrediting agency has placed the institution on a sanction or probation, or if it has been subject to an adverse action, including the denial of accreditation or withdrawal of accreditation. HLC policy requires disclosures to be made regarding such actions from any accrediting agency that is recognized by the U.S. Department of Education and/or Council on Higher Education Accreditation (CHEA).

The data displayed is based on information received by HLC from either the institution or the agency, regardless of status. This list may be incomplete.

If the institution is on a sanction or probation with a recognized agency and it is not listed, if the institution has been subject to an adverse action from another recognized accrediting agency and it is not listed, or if the standing displayed with an agency is not correct, please contact [legalaffairs@hlcommission.org](mailto:legalaffairs@hlcommission.org). In the correspondence, please include a copy of the most recent action letter from the agency and the change being requested.

Institutions do not need to report additional accreditation relationships that are not displayed if the institution is in good standing with the agency.

An end date is only displayed if HLC has a record of the institution's accreditation relationship with the listed agency having ceased.

#### **Academic Term**

Adding or modifying the academic term may require prior HLC approval.

See HLC's website for policies and procedures related to [changing an institution's academic term](#).

#### **Title IV Financial Aid**

Check with the institution's registrar or financial aid officer for assistance in completing this section. Also see HLC's [Federal Compliance Program Overview](#).

Adding or modifying clock or credit hours may require prior HLC approval. See HLC's website for policies and procedures related to [changing clock or credit hours](#).

Enter the percentage of first-time, full-time students receiving Pell Grants at your institution. The Pell Grant information should be from the 2019–20 IPEDS Financial Aid Survey, which covered 2018–19.

#### **Student Achievement**

Institutions are required to publish student achievement data on the full range of their offerings. Data can be provided at the institutional or the program level, but if provided at the program level, should be provided for all programs. See HLC policy [Public Information \(FDCR.A.10.070\)](#) for more information.

This information typically includes retention rates, graduation rates, licensure exam pass rates, employment rates, acceptance to further study, or links to the College Navigator website, but in any case should be information appropriate for the institution's mission. Information provided should be clearly labeled on the

website and linked from the home page, included within the top three levels of the website, or easily found through a search of related terms on the website.

In addition, information should be presented in plain language with any technical terms defined and any necessary information on the method used to compile data included.

## *Distance Education and Correspondence Education*

### **Instructions**

Review your institution's distance and/or correspondence education stipulation and confirm that you have reviewed that information. Accreditation Liaison Officers can request the [Institutional Status and Requirements](#) (ISR) report to review all stipulations.

If the stipulation is not correct, contact [changerequests@hlcommission.org](mailto:changerequests@hlcommission.org).

### **Correspondence Education (federal definition)**

Education provided through one or more courses by an institution under which the institution provides instructional materials by mail or electronic transmission, including examinations on the materials, to students who are separated from the instructor. Interaction between the instructor and the student is limited, is not regular and substantive, and is primarily initiated by the student. Correspondence courses are typically self-paced. Correspondence education is not distance education.

### **Distance Education (federal definition)**

Education that uses one or more of the technologies listed below to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. The technologies used may include:

The internet

One way and two-way transmissions through open broadcast, closed circuit cable, microwave, broadband line, fiber optics, satellite, or wireless communication devices.

Audio-conferencing

Video cassettes, DVDs and CD-ROMs, if the videocassettes, DVDs or CD-ROMs are used in conjunction with any of the above technologies listed above.

### **Distance-delivered Courses**

Courses are those in which at least 75% of the instruction and interaction occurs via electronic communication, correspondence or equivalent mechanisms, with the faculty and students physically separated from each other.

### **Distance-delivered Programs**

Certificate or degree programs in which 50 percent or more of the required courses may be taken as distance-delivered courses.

If you have additional questions, please review the [Help page](#) (see the question mark icon in the upper right-hand corner). You may also contact HLC by selecting the envelope icon.

## Branch Campuses

### Instructions

To ensure that students off campus have consistent access to Title IV federal student aid, institutions should work closely with their financial aid offices to make certain that information about off-campus operations is reported consistently to the U.S. Department of Education and to HLC. The institution's locations should be reported the same way to the department and HLC.

Verify the following data points for each branch campus:

- Campus name
- Status
- Address (including city, state, postal code and country)
- Open date
- Head count (based on actual or anticipated enrollment for current year)
- Location type

The Accreditation Liaison Officer can log in to HLC's [Location and Campus Update System](#) to update the campus name or head count for a listed branch campus, if necessary.

Adding, closing or relocating a branch campus requires prior HLC approval. See HLC's website for policies and procedures related to [branch campus changes](#).

- **Note:** HLC does not approve branch campuses or additional locations retroactively; therefore, it is important for institutions and the students they serve that institutions seek approval well before any students matriculate at a new or relocated campus or additional location.

If other details about the institution's branch campuses need to be updated, contact

[changerequests@hlcommission.org](mailto:changerequests@hlcommission.org).

**HLC Dues Calculation:** The number of active branch campuses and additional locations identified at the time of the Institutional Update submission will be used to calculate the institution's annual HLC membership dues. The institution's dues will **not** be adjusted if changes occur between the submission of the Institutional Update and the mailing of the dues invoice in July.

### Branch Campus

A location of an institution that is geographically apart and independent of the main campus of the institution. HLC considers a location of an institution to be independent of the main campus if the location has all four of the following attributes:

It is permanent in nature.

It offers courses in educational programs leading to a degree, certificate, or other recognized educational credential.

It has its own faculty and administrative or supervisory organization.

It has its own budgetary and hiring authority.

If you have additional questions, please review the [Help page](#) (see the question mark icon in the upper right-hand corner). You may also contact HLC by selecting the envelope icon.

Please click the button below to view branch campuses reported to HLC.

## *Additional Locations*

### **Instructions**

To ensure that students off campus have consistent access to Title IV federal student aid, institutions should work closely with their financial aid offices to make certain that information about off-campus operations is reported consistently to the U.S. Department of Education.

Verify the following data points:

- 0 Location name
- 0 Status
- 0 Address (including city, state, postal code and country)
- 0 Open date
- 0 Title IV eligibility
- 0 Head count (based on actual or anticipated enrollment for current year)
- 0 Program type
- 0 Location type

The Accreditation Liaison Officer can log in to HLC's [Location and Campus Update System](#) to update the location name, status, head count or programs for a listed additional location, if necessary.

- 0 **Important:** Be sure that the status of each additional location is correct. The number of active additional locations will be used to calculate the institution's HLC membership dues. Inactive and closed additional locations are not included in this calculation.

Adding or modifying an additional location may require prior HLC approval. See HLC's website for policies and procedures related to [additional location changes](#).

- 0 **Note:** HLC does not approve branch campuses or additional locations retroactively; therefore, it is important for institutions and the students they serve that institutions seek approval well before any students matriculate at a new or relocated campus or additional location.

**HLC Dues Calculation:** The number of active branch campuses and additional locations identified at the time of the Institutional Update submission will be used to calculate your institution's annual HLC membership dues. Your institution's dues will **not** be adjusted if changes occur between the submission of the Institutional Update and the mailing of the dues invoice in July.

### **Additional Location**

A place, geographically separate from any main or branch campus, where instruction takes place and students can do one or more of the following:

Complete 50% or more of the courses leading to a degree program.

Complete 50% or more of the courses leading to a Title IV eligible certificate.

Complete 50% or more of a degree completion program (even if the degree completion program provides less than 50% of the courses leading to a degree program).

There is no base or threshold number of students or distance from the campus necessary for a facility to qualify as an additional location under this definition.

An additional location typically does not have a full range of administrative and student services staffed by the facilities personnel; such services may be provided from the main campus or another campus.

A facility may provide access to instruction requiring students to be present at a physical location that receives interactive TV, video, or online teaching. It is considered an additional location when 50% or more of a distance delivery program is available through one or more of these modalities at that facility. Note: This requirement does not apply for locations in which there is a general computer lab that students might use for distance delivery courses.

An additional location has active status when students are enrolled. Its status is inactive when students are not enrolled. The status can change between active and inactive without approval from HLC. However, a location may only be classified as inactive with no student enrollment for a maximum of two consecutive years. At that point, HLC will require the institution to close the location.

If you have additional questions, please review the [Help page](#) (see the question mark icon in the upper right-hand corner). You may also contact HLC by selecting the envelope icon.

**Please click the button below to view additional locations reported to HLC.**

Verify the following data points:

- Program name and 2010 CIP code
- Contractual partner
- State/country
- Parent organization or subsidiary
- Effective start date
- Effective end date

Ensure that all contractual arrangements meet the following conditions:

- The contractual partner is not accredited by a recognized accreditor.
- The contractual partner provides a percentage of the academic content or one or more degree programs of Title IV eligible certificate programs.
- The contractual partner provides academic content not just a course delivery platform.
- Your institution issues the degree or certificate for these programs.

If any information listed is not correct, or if the institution has questions about contractual arrangements, contact [changerequests@hlcommission.org](mailto:changerequests@hlcommission.org).

Adding or modifying a contractual arrangement may require prior HLC approval. See HLC's website for policies and procedures related to [contractual arrangements](#). If the institution is engaging in any arrangement that meets the definition of a contractual arrangement and is not listed, it should complete HLC's [screening form](#).

### **Contractual Arrangements**

An arrangement in which the institution outsources some portion of its educational programs—that is, degrees or certificates offered for academic credit (including instruction, oversight of the curriculum, assurance of the consistency in the level and quality of instruction and in expectations of student performance and/or the establishment of the academic qualifications for instructional personnel)—to:

An unaccredited institution.

An institution that is not accredited by an accreditor recognized by the U.S. Department of Education.

A corporation or other entity.

### **Contracted Entity**

The name of the contracted partner, e.g., Wilson Consulting, Inc.: Foreign University, Inc.

## Consortial Arrangement

### Instructions

All arrangements that HLC has individually approved or been notified of by the institution are displayed. Please verify that data shown are correct. (Please note: HLC requires no reporting of a consortial arrangement if 24% or less of the credits in a degree or certificate program are coming from the consortial partner[s].)

Verify the following data points:

- Consortium name
- Program name and 2010 CIP code
- Associated institutions
- State/country
- Start date
- Head count

Ensure that the consortial arrangements meet the following conditions:

- The participating organization(s) are accredited by an agency that is recognized by the U.S. Department of Education as an institutional accreditor whose scope of recognition includes the accreditation of degree-granting institutions and covers the full range of academic degrees potentially offered by the institution. By being recognized by the U.S. Department of Education as a gatekeeper agency, the accreditor fulfills specific, federally defined responsibilities within the accreditation process..
- The participating organization(s) provide 50% or more of the academic content of one or more degree programs or Title IV eligible certificate programs.
- Your institution issues the degree or certificate for these programs.

If any information listed is not correct or if the institution has questions about consortial arrangements, contact [changerequest@hlcommission.org](mailto:changerequest@hlcommission.org)

Adding or modifying a consortial arrangement may require prior HLC approval. See HLC's website for policies and procedures related to [consortial arrangements](#). If the institution is engaging in any arrangement that meets the definition of a consortial arrangement and is not listed, it should complete HLC's [screening form](#).

### Consortial Arrangements

An arrangement in which an HLC-accredited institution develops an agreement with an institution or group of institutions—that is, the consortial party(ies)—through which the consortial party(ies) agree to provide some portion of one or more educational programs (i.e., degrees or certificates offered for academic credit) offered by the HLC-accredited institution.

### Consortium Name

The name used to refer to the arrangement.
