of Contents

Released 11/08

Report, we compare your alumni who took the HEDS Alumni Survey during the 2018–2019 academic year to alumni at all institutions listed in the survey in the 2015–2016, 2016–2017, 2017–2018 and/or 2018–2019 academic years. We have combined institutions that do not belong to HEDS in the data, and we provide comparisons for alumni who took the survey 1, 5, 10, and more than 10 years after graduation.

Note that the data does not appear in the order that questions were presented in the survey instrument. Instead, we have organized the data according to the different topics that the survey addresses.

Use the Table of Contents and accompanying section descriptions (see below) to navigate this report.

# HEDS Alumni Survey 2018–2019 Frequency and Indicator Report Kenyon College

## Good Teaching and High-Quality Interactions with Faculty

Table 1 includes the nine statements from the survey that were combined to create the Good Teaching and High-Quality Interactions with Faculty indicator. The second table shows summary results for the indicator. The symbols that appear in Table 2 represent effect sizes for the differences between your mean score and the overall mean score for each alumni cohort (see interpretation of symbols below table). The third table provides comparative frequencies for each statement in the indicator.

**Table 1: Good Teaching and High-Quality Interactions with Faculty**

*1 = Strongly disagree; 2 = Disagree; 3 = Neither agree nor disagree; 4 = Agree; 5 = Strongly agree*

Below are statements about your views of your undergraduate faculty's interest in teaching and students. Please indicate the extent to which you agree or disagree with each.

Most faculty with whom I have had contact at this institution were...

- Genuinely interested in students.
- Interested in helping students grow in more than just academic areas.
- Good at providing prompt and useful feedback.
- Willing to spend time outside of class to discuss issues of interest and importance to students.

Below are statements about your contact and interactions with faculty during your undergraduate experience at this institution. Please indicate the extent to which you agree or disagree with each.

- My nonclassroom interactions with faculty had a positive influence on my personal growth, values, and attitudes.
- My nonclassroom interactions with faculty had a positive influence on my intellectual growth and interest in ideas.
- My nonclassroom interactions with faculty had a positive influence on my career goals and aspirations.
- I developed a close, personal relationship with at least one faculty member.
- I was satisfied with the opportunities to meet and interact informally with faculty members.

# HEDS Alumni Survey 2018–2019 Frequency and Indicator Report Kenyon College

## Challenging Assignments and High Faculty Expectations

Table 1 includes the 14 statements from the survey that were combined to create the Challenging Assignments and High Faculty Expectations indicator. The second table shows summary results for the indicator. The symbols that appear in Table 2 represent effect sizes for the differences between your mean score and the overall mean score for each alumni cohort (see interpretation of symbols below table). The third table provides comparative frequencies for each statement in the indicator.

*1 = Never; 2 = Rarely; 3 = Sometimes; 4 = Often; 5 = Very often*

Below are statements about experiences you may have had in your classes as an undergraduate at this institution. About how often have you experienced each?

Faculty posed challenging ideas in class.

Faculty asked me to show how a particular course concept could be applied to an actual problem or situation.

Faculty asked me to point out any fallacies in ideas, principles, or points of view in course presented in the course.

Faculty asked me to argue for or against a particular point of view.

Faculty challenged my ideas in class.

Students challenged each other's ideas in class.

Below are descriptions of the types of exams or assignments you may have had in your undergraduate classes at this institution. About how often did you experience each?

Wrote essays.

Completed assignments or projects in which I solved problems.

Made oral presentations.

Used course content to address a problem not presented in the course.

Compared or contrasted topics or ideas from a course.

Pointed out the strengths and weaknesses of a particular argument or point of view.

Argued for or against a particular point of view and defended my argument.

Connected what I learned in multiple courses.

**Growth on Intellectual Outcomes**

**HEDS Alumni Survey  
2018–2019 Frequency and Indicator Report  
Kenyon College**

Table 1 includes the ten statements from the survey that were combined to create the Growth on Intellectual Outcomes indicator. The second table shows summary results for the indicator. The symbols that appear in Table 2 represent effect sizes for the differences between your mean score and the overall mean score for each alumni cohort (see interpretation of symbols below table). The third table provides comparative frequencies for each statement in the indicator.

## HEDS Alumni Survey 2018–2019 Frequency and Indicator Report Kenyon College

### College Satisfaction

In Table 1 below, we show alumni's mean scores for connection to and satisfaction with their institution. The symbols that appear in rows 10 and 17 represent effect sizes for the differences between your mean scores and the overall mean scores for each alumni cohort (see interpretation of symbols below table). In the second table, we show frequencies for the connection and satisfaction questions, as well as the level of preparation that alumni believe your institution had on their postgraduate activities. In Table 3 below, we show connection and satisfaction mean scores, disaggregated by undergraduate major and current primary activity. Overall Connection to the Institution is measured on a 4-point scale where 1 = No connection and 4 = Very strong connection. Overall Satisfaction is measured on a 5-point scale where 1 = Very dissatisfied and 5 = Very satisfied.
