

Helmet Technology and Brain Trauma in Sports

FUNMILAYO LAWAL '19

Abstract: Let's talk about helmets! Why are they so important in terms of one's brain? Funmilayo Lawal '19 will take you through the physics of brain safety in sports, specifically looking at acceleration, impulse, the Gadd Severity Index, and the Head Injury Criterion. Current Kenyon helmet models for football and lacrosse will be available for audience interaction.

Senior Capstone Talks in Physics

TUESDAY - FEBRUARY 19 - 11:10 AM - 12:00 PM

Hayes Hall 211/213

HUMPHREY PRUETT '19 will also present his senior capstone talk in physics.
